## PRAYERS

For Pope Leo XIV and all who shape the development of artificial intelligence, that technology may be used for the good of humanity and never become a tool of oppression, warfare, or exploitation;

For those killed and injured in the chemical tank explosion in Washington State, for their families and communities, and for all who work in hazardous industries;

For the people of Uganda and the Democratic Republic of Congo as they face the Ebola outbreak, and for healthcare workers, aid agencies, and government officials seeking to contain the disease and protect the vulnerable;

For the people of Madagascar mourning the decline of the ancient baobab tree Tsitakakantsa, and for all working to protect fragile ecosystems threatened by environmental change;

For the children affected by the allegations of abuse in Paris schools, for their families, and for all who work to ensure that every child is safe, valued, and protected from harm.

God of justice and peace, bring truth and calm in the aftermath of the murder of Henry Nowak comfort all who mourn, guide investigators, and restrain all voices from inflaming fear or suspicion.
